LET'S START THE 2026 RALLY SEASON!

On January 30-31, 2026, the Lithuanian Rally Winter Fiesta – “Biorina Winter Rally Rokiškis” will return to the Rokiškis area. Rokiškis will invite drivers and spectators who are longing for extreme sensations, snow, ice and slush to an exceptional event when everything is frozen in the cold – racing at breathtaking speeds on the frozen gravel roads of northern Lithuania. The competition is made exceptional by cars racing extremely fast on a slippery surface, for which incredible grip is ensured by special tires with a lot of and long studs.

Drivers will have to overcome 8 special stages at maximum speed, two of which will be night, and all this will consist of over 60 sporting kilometers on extremely difficult roads in the Rokiškis area. This competition is the first event of the Lithuanian automobile rally sprint championship. Uniqueness and additional charm are provided by night special stages, which racers overcome with the help of impressively illuminated additional lights. Guests from the highest championship of the Lithuanian automobile rally championship often come to the winter rally with impressive equipment, because competing on snow and ice is an extremely rare opportunity. Especially since the break between seasons is really long, and exercising the driving muscles is always beneficial.

After the competition, all participants and guests of the event will be waiting for a fakir and laser show, followed by a solemn prize-giving ceremony. The competition between participants in sports cars will be fierce, the views on the special stages are impressive, and everyone's mood is great, so prepare your equipment and thermoses - we will meet in Rokiškis at the end of January!

During the "Biorina Winter Rally Rokiškis" tickets will be available for purchase at the entrances to the special stages and from 2026-01-30 12:00 at Rokiškis District Municipality (Rally Center).

The event is free for children under 12 years old.

Ticket price 15€

MAYOR OF ROKIŠKIS DISTRICT MUNICIPALITY

Very soon, rally enthusiasts will arrive in Rokiškis. This time, they will discover our region immersed in white winter landscapes and will go racing on the frozen gravel roads of our region.

The rally organizers promise that the event will not disappoint lovers of extreme sports - snow, ice, cars flying on a slippery surface, risk and the skill of the drivers will leave indelible impressions on those who will participate here.

So I wish all rally drivers and spectators to discover the charm of the Rokiškis region not only in summer, but also in winter. I have no doubt that the winter rally "Biorina Winter Rally Rokiškis" will be no less exciting and just as extraordinary as the races taking place in summer.

Meanwhile, Rokiškis will welcome you in a hospitable, cozy, warm way.

See you in our region on January 30-31!

ORGANIZER OF THE RALLY

Dear rally community,

Welcome to Rokiškis! I'm very pleased to welcome you to the second "Biorina Winter Rally Rokiškis" competition, probably the biggest winter motorsports event in Lithuania. This rally is one of the most important motorsports events, because for the second year in a row it is "Biorina Winter Rally Rokiškis" that opens the new rally championship season.

The rally is in northeastern Lithuania, steeped in the history of Lithuanian rallying. Therefore, it is a great honor for us to be a part of the Lithuanian automobile rally sprint championship and organize an event where, after the season break, our entire rally community has the opportunity to meet - participants, spectators, marshals, volunteers and others who love this sport.

We will meet in Rokiškis on January 30-31, where on Friday the participants will take care of administrative matters and will get to know with the upcoming special stages, and on Saturday they will head out to the special stages from morning until evening. 8 special stages, including 2 in the dark, almost 60 sports kilometers and over 50 rally participants - a great winter motor sports festival awaits!

Safety is extremely important to all of us, organizers and participants, so we ask everyone who will participate in the event to always fully cooperate with marshals, safety staff and volunteers.

I wish the racers excellent results and finish, and the spectators unforgettable views in safe places.
